## Let's achieve more together

The Aggie Charitable Giving Fund is a donor-advised fund, a giving vehicle that manages charitable donations on behalf of individuals, families, and organizations. It allows you, the donor, to make a charitable contribution, receive an immediate tax deduction and recommend the organizations that should receive grants from the fund. It offers you a personalized giving fund—named the way you want—with innovative and flexible ways to make a bigger impact with your charitable dollars while providing special support for North Carolina Agricultural and Technical State University.
